### Professional Experience

#### 2015 – Present • 6 BRAVO, FLORIDA

**Instructor, Mentor, & Responder – Disaster Management & Emergency Medicine Operations | Consultant – Security & VIP Protection | Emergency Management Volunteer**

- Actively involved in all aspects of U.S. national COVID initiative. Tested >1K people and decontaminated >100K masks; participated in community free vaccination site, vaccinated >20K 65 and older and health care providers.
- Acted as instructor and mentor liaison for Department of State's Anti-Terrorism Assistance & SPEAR programs; fostered international relations by offering valuable instruction to foreign, government representatives, military, civilians, and volunteers.
- Led >200 international students in 12+ different allied countries, focusing on emergency management techniques, emergency medicine, and advanced/innovative tactics.
- Ensured safety and security-sensitive materials by partnering with host nation officials in addition to forging and fostering long-lasting business relations with foreign law enforcement, military, officials, and host nation's first responders.
- Empowered emergency management foundation for government by developing and executing best practices related to business continuity and infrastructure.
- Designed State Department approved curriculum for multi-discipline full-scale emergency management exercises, including incident command and control, first responder to terrorist incident/response to an active shooter, medical stabilization, triage, mass-casualty, and crisis management.
- Delivered appropriate instructions and advice to international clients; coordinated with non-profit and non-governmental agencies; coached on mass casualty, CPR, hostile environments and emergencies awareness, preparedness, mitigation, and response.
- Ensured the security of presidential, government, and high threat events to include music, film, and sporting events, while performing as a security consultant, manager, and agent.
- Took part in vulnerable communities as well as functioned as incident commander to organize and coordinate response activities.

#### 2013 – 2015 • UNITED NATIONS, BAGHDAD, IRAQ

**PSS Security Liaison Officer (SLO) | Security Team Lead & Manager | Team Medic & Instructor Trainer**

- Partnered with international colleagues/clients, U.S./coalition forces, and the government of Iraq for attaining business objectives.
- Ensured the enforcement and compliance with local laws within the operational theater.
- Contributed to streamlining Security Risk Assessments (SRA) along with actively attending national security meetings.
- Formulated and executed effective security and incident plans focusing on advance site surveys, emergency response, operations, processes, and incident management.
- Supervised operations of surveillance and executive protection teams; provided directions and advanced tactics for operations excellence.
- Led convoy movements and police escorts by serving as a UN liaison with the host government, project personnel, and clients as well as US and foreign forces and government authorities.
- Conceptualized and organized training sessions in the classroom and scenario drills for the skills enhancement of UN personnel, and US and coalition forces.

**World Personal Protection Security Specialist (WPS, WPPS) | Secondary Team Medic**

- Certified Tactical Operational Center (TOC) personnel in Baghdad US Embassy.
- Served with a diplomatic advance team for conducting tactical risk assessments and route analyses for team missions, responsible for protecting and dealing with diplomatic personnel and VIPs.
- Handled 300+ successful missions, while performing as operations security specialist protection agent, driver, and medic.
- Strategized, arranged, and coordinated weekly team training on the medic response, convoy activities, and protective operations.
- Served tactical support team as well as diplomatic and vice-presidential movement teams as Vehicle commander, driver, and fire team member.
- Conducted several triage and medical assessments, while performing as a volunteer at the medical facility.
- Delivered tactical and medical training to teams with a keen focus on gaining comprehensive knowledge.

**2008 – 2010 • SOC LLC, MINDEN, NV**

**Personal Security Specialist | Static & Team Medic | In-Country Manager**

- Functioned as primary fly-away escort for SOC VIPs and third-country nationals for the preparation and execution of missions.
- Served in a high-threat operational environment as the first female operator for SOC and delivered BLS and first responder training.
- Acted as site lead, PSD member, convoy and assistant on-site project medic, instructor-trainer, and in-country logistics manager.
- Developed and rolled out first emergency response team (ERT) throughout the operational sites.
- Headed and accomplished more than 100 DOD support missions, while operating as a team member and primary medic.
- Formulate plans related to first aid, mass casualty, incident command and emergency readiness for expatriates and third-country nationals along with delivering instruction to BLS and First responder.
- Spearheaded overall operations of team of 200+ multi-national personnel; forged friendly relations with staff to boost motivation.
- Functioned as an in-country logistics manager; maintained 20+ operating bases for >300 personnel across Iraq and Afghanistan.
- Played an integral part in demobilizing 10+ FOBs and supporting 20+ sites throughout Iraq.
- Generated over \$250K cost savings whilst planning, preparing, allocating, and administering operational logistics budget.
- Arranged third-country national and local national first responder, BLS, general health, and welfare training programs for more than 100 troops.
